Talk About It:

Part of growing as a reader is learning how to think while you read. Ask each other questions before, during, and after reading:

- What was most important about what we just read?
- How did the characters change over time?
- What was your favorite part of that section?
- Did you read anything that might impact your life? How?
- Does this text remind you of something you have read, seen, or heard before? How?

Get Caught Reading:

Set an example by reading in public. Let everyone see you reading a newspaper or browsing through a novel on the beach or beside the pool. Liven up chore time or meal time by taking turns working while one person reads aloud a favorite book or an exciting new novel. Have fun!

Why should students read during the summer?

University of Tennessee, Knoxville, faculty members Richard Allington and Anne McGill-Franzen have completed a three-year study showing that students lose up to three months of learning every summer—skills they worked hard to acquire during the school year. However, the study showed a significantly higher level of reading achievement in students who took part in summer reading at home.

Allington compares the slide in reading ability to an athlete's fitness. "Just like hockey players lose some of their skills if they stay off their skates and off the ice for three months, children who do not read in the summer lose two to three months of reading development," Allington said.

Berkeley County School District Summer Reading

Rising English I Students

"Isn't it odd how much fatter a book gets when you've read it several times?" Mo had said..."As if something were left between the pages every time you read it. Feelings, thoughts, sounds, smells...and then, when you look at the book again many years later, you find yourself there, too, a slightly younger self, slightly different, as if the book had preserved you like a pressed flower...both strange and familiar."

- Author Cornelia Funke

Theme: Defining Heroism

It's officially Summer! What are you reading?

The Themes

Many of the things students will read and write in English I explore the idea of what it means to be a hero, what actions one might take that define one as an antihero, and what we can learn from the experiences of both. Some of the books on these lists are more challenging than others, but all explore these themes through events (plot), characters, and conflicts.

Summer Reading Project

Consult with teachers and/or teacher librarians to choose one book from each list (fiction and informational) or other titles from each genre that fit the theme. With parent approval of the choices, students will read the two books over the summer.

All rising 8th grade GT (**HONORS** English I) students will read *The Giver* in addition to a second selection with the shared theme of Utopia or dystopia, many of which appear on this brochure. Teachers of **HONORS** English I classes taught on the high school campus will choose one title from the brochure for <u>required</u> summer reading in addition to a second title (chosen by student or teacher) from the brochure or another source, for a total of <u>two</u> selections for **HONORS** classes. Each school will share rewards and expectations for when school starts.

Fiction Texts such as:

- *Ender's Game*, Orson Scott Card (E)
- **Staying Fat for Sarah Byrnes* or *Whale Talk*, Chris Crutcher (and other titles by this author)
- Gone, Michael Grant (and others in this series)
